
ZYCO
RACKING & SHELVING

COMPANY PROFILE

ENGINEERED STORAGE. SMARTER SPACE.

Integrated racking, shelving, mezzanine and warehouse solutions designed around your operation.

DESIGN | CONSULTATION | EVALUATION | IMPLEMENTATION

ABOUT ZYCO

Storage built around your operation

We combine practical product knowledge, space planning and coordinated execution to create storage environments that work harder.

ZYCO Racking & Shelving LLC is a trusted source for storage systems, mezzanine solutions, warehouse fit-outs and material handling requirements. We help clients organize inventory, improve access and make better use of available floor and vertical space.

Every project starts with the actual operating need. We focus on careful evaluation, fit-for-purpose design, quality products and timely implementation, while staying attentive to project scope and budget.

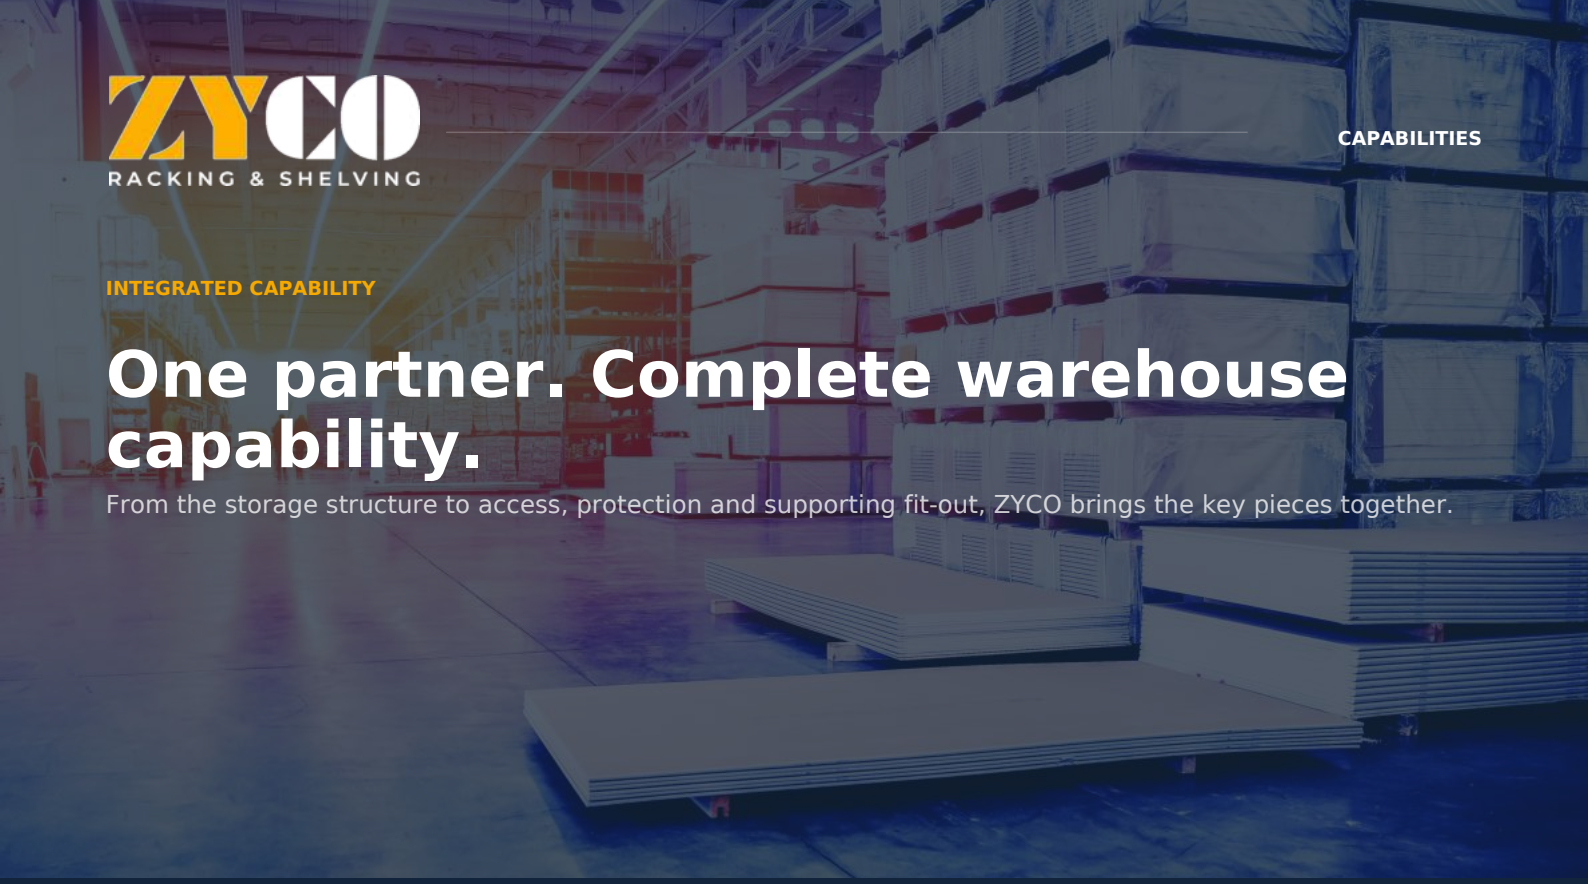
VISION

To be a trusted partner for high-quality storage and space solutions that create lasting value for every client.

MISSION

To understand each operation, customize the right solution and deliver excellent service through integrity, quality and dependable execution.

DESIGN — **CONSULT** — **EVALUATE** — **IMPLEMENT**



INTEGRATED CAPABILITY

One partner. Complete warehouse capability.

From the storage structure to access, protection and supporting fit-out, ZYCO brings the key pieces together.

01 **RACKING SYSTEMS**

Pallet, long-span, cantilever, drive-in and multi-tier configurations.

02 **SHELVING SYSTEMS**

Light and medium-duty storage for parts, archives, retail and operations.

03 **MEZZANINE FLOORS**

Rack-supported and structural platforms that unlock vertical space.

04 **MATERIAL HANDLING**

Equipment for moving, lifting, weighing and transferring goods.

05 **SAFETY & ACCESS**

Barriers, guarding, industrial doors, dock equipment and safety systems.

06 **FIT-OUT & SUPPORT**

Partitions, lighting, CCTV, signage, relocation and approval coordination.

HEAVY-DUTY RACKING

High-capacity storage, engineered for access and flow

Robust systems configured around inventory profile, handling equipment, aisle strategy and available height.

OUR RANGE

- SELECTIVE PALLET RACKING
- LONG-SPAN RACKING
- CANTILEVER RACKING
- CARPET STORAGE RACKING
- DRIVE-IN PALLET RACKING
- DOUBLE-DEEP PALLET RACKING
- MULTI-TIER RACKING
- STACKING RACKS

BUILT TO YOUR LAYOUT

LIGHT & MEDIUM-DUTY SHELVING

Flexible storage for fast-moving operations

Adaptable systems for manual picking, small parts, records, retail displays and back-of-house inventory.

BOLT-FREE SHELVING

Quick assembly and flexible shelf positioning.

SLOTTED ANGLE SHELVING

Practical, configurable storage for varied items.

MOBILE SHELVING

Compact access for archives and high-density storage.

GONDOLA SHELVING

Organized display and easy access for retail settings.

AVAILABLE SYSTEMS

- Medium-duty shelving
- Bolt-free shelving
- Slotted angle shelving
- Stainless steel shelving
- Chrome shelving
- Mobile shelving
- Supermarket shelving

Configured to suit item size, access frequency and available area.

MEZZANINE FLOORS

Unlock the height already in your building

Create additional storage or working space within the existing facility footprint.

RACK-SUPPORTED MEZZANINE

A space-efficient solution that uses the racking structure to support an elevated floor. Suitable for single-tier or multi-tier storage configurations.

STEEL STRUCTURAL MEZZANINE

A freestanding fabricated steel platform that adds flexible space for storage, work areas or other operational needs.

PROJECT CONSIDERATIONS

- Access stairs and safety guardrails
- Flooring selected for intended use
- Sprinkler, lighting and service coordination
- Support for relevant authority approval coordination

STORAGE ACCESSORIES

Small components. Big operational impact.

Complete the storage environment with organized, durable and easy-to-use supporting products.

PLASTIC BINS & CRATES

Stackable options for parts, picking, transport and organized stock segregation.

OPTIONS AVAILABLE

CUPBOARDS & LOCKERS

Secure storage for tools, documents, uniforms and personal belongings.

OPTIONS AVAILABLE

WORK BENCHES & LADDERS

Customized workstations and practical access equipment for daily operations.

OPTIONS AVAILABLE

MATERIAL HANDLING

Move goods safely and efficiently

Practical equipment for everyday movement, lifting, transfer and weighing across warehouse operations.

PALLET TRUCKS
Selected to suit load, route and workflow.

PLATFORM TROLLEYS
Selected to suit load, route and workflow.

STACKERS & FORKLIFTS
Selected to suit load, route and workflow.

GOODS LIFTS
Selected to suit load, route and workflow.

CONVEYORS
Selected to suit load, route and workflow.

WEIGHING SCALES
Selected to suit load, route and workflow.

ASK US TO MATCH THE EQUIPMENT TO YOUR LOAD AND OPERATING ENVIRONMENT

SAFETY & ACCESS

Protect people, products and infrastructure

Add the barriers, guarding and access systems that help keep daily movement controlled and organized.

- **SAFETY BARRIERS**
  Bollards and physical protection for exposed areas.
- **MACHINE GUARDS**
  Guarding around equipment and vulnerable operating zones.
- **INDUSTRIAL DOORS**
  Access solutions for warehouse and loading areas.
- **DOCK LEVELERS**
  Practical loading interfaces for vehicle-to-floor movement.

FIT-OUT & SUPPORT

From empty space to operating space

Coordinate the surrounding environment with practical fit-out, systems and warehouse support services.

SERVICES

- GYPSUM AND GLASS PARTITIONS
- MESH PARTITIONS
- LABELLING AND SIGN BOARDS
- FLOORING AND PAINTING
- LIGHTING SYSTEMS
- WAREHOUSE MANAGEMENT SYSTEMS
- FALSE CEILINGS
- CCTV AND SURVEILLANCE
- RACKING DISMANTLING AND RELOCATION
- INTERIOR DECORATION
- FIRE AND SAFETY SYSTEMS
- APPROVAL COORDINATION

Authority approvals and specialist systems are coordinated according to the agreed project scope.

HOW WE WORK

Built around your project, not a catalogue

01

DISCOVER

Understand the space, load, workflow and operating constraints.

02

EVALUATE

Review access, layout, product mix and relevant project requirements.

03

DESIGN

Develop a practical, customized solution and clear proposal.

04

IMPLEMENT

Coordinate supply, installation and related scope with care.

05

HAND OVER

Complete checks, close-out and operating guidance as applicable.

WHY ZYCO

Customized solutions | Coordinated scope | Quality focus | Budget-aware execution
